Some notes:

- The Audit Committee Charter Review Report, the Audit Committee Self-Evaluation Report, and the Effectiveness of Internal Controls Report also are being reviewed by the Audit Committee on March 31, 2025.
- The Audit FYE Dec 31, 2024, including Audit Management Letter FYE Dec 31, 2024 is being presented at the Audit Committee meeting, and again at the Board meeting on March 31, 2025.
- The Authority Performance Self-Evaluation Report is prepared using STERA's adopted Measurement Standards, which are a STERA Policy, and which also are incorporated into the adopted STERA Mission Statement. This report is an evaluation of the organization's effectiveness of achieving its goals.
- The Board Performance Self-Evaluation Report is the summary report of the Board survey of its own performance.
- The Budget for 2025 and the Four-Year Financial Plan for 2025 to 2028 were approved by the Board at the October 2024 Board meeting.
- The Financial Disclosure and Ethics Report was approved by the Board at the October 2024 Board meeting; the next similar report will be presented at the June 2025 Board meeting.
- The Executive Committee Self-Evaluation Report also is being reviewed by the Executive Committee on March 31, 2025.
- The Compliance Report summarizes STERA's compliance obligations, the timeframe for compliance, and STERA's compliance status.

After discussion, the Committee should make revisions to the above reports as appropriate, and then make a recommendation that the Board approve them as revised, or alternately the Committee should make a recommendation that the Board approve above reports as presented.

Review of structure, governance, and operating activities:

The Governance Committee has responsibilities for reviewing STERA structural, governance and operating policies and activities. Many of the policies and governance practices practiced by STERA derive directly from the cornerstone principles (transparency, independence, accountability, fiduciary responsibilities, and management oversight) prescribed by the State Legislature and NYS ABO, and from model practices recommended or mandated by the NYS ABO.

The Committee should discuss the results of the Board Performance Self-Evaluation Report, and should discuss whether to recommend that the Board make any changes so as to improve STERA's performance. In the past, there has been an indication that it might be good for an occasional set aside of time at Board meetings with light agendas for discussion of these topics.

The Governance Committee also should discuss:

- the Competencies and Personal Attributes Required of Board Members Policy
- the New Member Orientation Process Policy
 - this is required by NYS ABO to be offered to all members; to date, only one Board member has taken advantage of this orientation process
 - the New Member Orientation Process Reference Document has been updated and is now current.
- the number and structure of STERA Committees
 - in 2014, STERA did change the number of members on the Audit, Governance, and Executive Committees – there is a need for appointing members to fill vacancies on the Committees
 - STERA does not have a Finance Committee, but is not required to have one as it has not issued any debt.
- Board and staff compliance with NYS ABO training requirements – all Board and staff members are in compliance
- the compensation and benefits for the managing director and other senior Authority officials
 - the Authority has no direct employees, and accordingly there are no such individuals (Board or corporate officers or other management personnel) receiving compensation and benefits from the Authority

After discussion, the Committee should make a finding that the Authority's policies and procedures are being effectively implemented and are effective in guiding and controlling the Authority's governance and operations, and recommending to the Board that it make no changes to the Authority's governance and operating policies and procedures, or alternately, that the Committee finds a specific issue or issues, and makes a recommendation to the Board to take appropriate action in response.
